

EXPERIENCE

Global Supply Chain Analyst

GSK | January 2025 - May 2026

- Conducted root-cause analysis and collaborated with Regional Managers to resolve supply-demand imbalances and prevent stockouts.
- Managed supply data and planning parameters in SAP APO and ECC to support accurate short- and mid-term supply plans.
- Full responsibility for one packing line
- Provided changes in capacity leveling on a weekly basis
- Led collaboration calls with Regional Managers
- Prepared reports for Lead and Managers
- Crisis management with Lead and Managers
- Participated in demand review meetings with Lead and implementing changes to the plan
- Participated in pre- and post-SRM meetings and implementing changes to the plan

Product Manager in Social & Paid Media team

GSK | September 2024 - January 2025

- Improved internal processes
- Led the development of innovative product features
- Drove cross-functional collaborations with global marketing, analytics, and creative teams to deliver impactful campaigns
- Managed multiple advertising accounts through Sprinklr
- Prepared and presented detailed performance reports for team members and senior management
- Conducted market research and competitor analysis to inform product roadmap decisions
- Coordinated with technical teams and vendors to ensure seamless product and platform integrations

Project coordinator

Royal Classical Ballet | October 2022 - August 2024

- Coordinated national and international ballet tours across Poland and the United States, ensuring seamless execution of all logistical and operational aspects
- Collaborated with artistic directors, production crews, and external vendors to align on creative and operational requirements
- Developed and maintained project timelines, budgets, and progress reports to ensure on-time and within-budget delivery
- Monitored campaign performance and adjusted promotional strategies to optimize reach and ROI
- Oversaw marketing campaigns for tours, including social media, PR, and local partnerships, to maximize audience engagement and ticket sales
- Handled on-site event coordination during performances to guarantee a high-quality audience experience

Project manager

Browser game using NFT tokens | July 2021 - September 2022

- Led the end-to-end development of a blockchain-based browser game, integrating NFT mechanics and a custom tokenomics system
- Acted as the primary point of contact for the investor, providing regular progress updates, risk assessments, and strategic recommendations
- Coordinated the work of multidisciplinary teams, including game developers, graphic designers, UX specialists, and finance experts, to ensure timely delivery of milestones
- Oversaw the design and implementation of the in-game economy, including token distribution, reward systems, and monetization strategies
- Managed project timelines, budgets, and resources, proactively addressing blockers to maintain on-schedule delivery
